

Four Parks Southwark

client: London Borough of Southwark
budget: £890,000
location: Southwark, London
status: Completed November 2007

- regeneration and re-design of four parks in Southwark
- each park was reinvigorated through contemporary resolution and materials
- detailed, ongoing community consultation leading to the improvement of community cohesion and the increase of usage creating four high quality parks for Southwark
- to address the antisocial behaviour and vandalism all four parks have been opened up, high fences and vegetation removed and paths widened
- the parks consist of play areas, ball courts, seating, planting and open grass areas
- creation of a 'floating' boardwalk above the ball court to allow access through park
